

I urge you to reject petition 04-160 in order to support XM's ability to provide the programming that I demand. I benefit from listening to the variety of quality programming that is not available elsewhere including XM's traffic and weather channels. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I'm responsible enough to make that decision on my own. Please continue to support the right to free speech by rejecting petition 04-160.
